Reaching Students

Instructors or school leaders, thank you for your interest in our program! We are pleased that we have been able to introduce you to the Association of Continuity Professionals, the leading association for our discipline. We want to ensure that you have exceptional support as you and your students move through the webinar series. Here are the supporting materials we're providing:

1. **Advice and materials for our Local Chapters to ensure you have the information needed about the series.** We've reached out to you and also to your colleagues in this geographic area who teach or oversee courses related to the resilience discipline. We expect to involve other decision makers at your institutions based on unique situations.
2. **Descriptions of the seven webinars** comprising the EPCR series. The topics cover a range of career opportunities and job roles, some that are not often identified under the "disaster recovery, business continuity, organizational resilience" umbrella. Here are the titles, and embedded below is a file with the full descriptions (*double-click to open*):
 - a. Webinar #1: Business Continuity and Organizational Resilience
 - b. Webinar #2: Emergency Management, Public-Private Partnerships
 - c. Webinar #3: Communication and Incident Management
 - d. Webinar #4: Exercises and Simulations
 - e. Webinar #5: Personal Journeys in Careers in Resilience
 - f. Webinar #6: Technology and Cyber Resilience
 - g. Webinar #7: Supply Chain and Supplier Resilience

Should you have questions, those of us in your Local Chapter and the National ACP leaders are eager to help. Don't hesitate to contact us!
